Profile

#### BRIEF COMPANY PROFILE

It's true that dreaming about paradise is easy but to make it true on the living plant is a life long journey. But with Paradise planet, one will find ingenious stainless steel products made possible through years of experience and carefully designed to soothe senses. That's why we've got most of our business through references of well known interior designers and consumer as a great applause for quality driven company. We request you to visit following sections about our company and its journey.

#### VISION

Finesse of products to ease out life is the vision behind every product of our company. The way people live matters more than anything for us. This way, we have a small role in the history of civilization, life style by comforting daily living.

#### HISTORY

The journey of our company started with the back-up of renowned ASSESS group. Years of experience in manufacturing and innovation inspired us to develop new range called as Perdiem and Silverbird baskets catering 100% stainless steel made out. The company is founded and managed by Shri V. M. Gami who lead this venture into a successful saga in short stint.

#### PRODUCTS

The company boasts to have a well designed range of kitchen baskets & bathroom accessories made by 100% genuine stainless steel material. Have a look of our product list offered from our company.

Basket - Pull out - Adjustable basket - Under platform - Upper platform  
Hanging - Carousel - Magic corner - Tall unit - Wardrobe.

We also entertain tailor made design, shape products as per request.

#### PLANT

The company plant is based at the finest industrial zone called Metoda, Rajkot in Gujarat, India. The plant has state of the art facilities and the most advanced technology for manufacturing. The plant has in house facility for R & D, Quality control and production department. The company has ISO 9001:2008 and TQM certification as well.

#### QUALITY POLICY

The company set a stringent method to ensure optimum level of quality. Checking of raw material, specially designed formation dies, customized shape through welding fixtures are some of the process one can instantly say as part of production duty but at our place it's a must ritual for all our technicians and workers. Even post production details like chemical treatment and final finishing are also observed in proper manner. Updating of knowledge through training programs for technician and workers are also part of their work.
